

MEMORANDUM

Agenda Item #7 a, b

To: **Board of Trustees**

Date: **April 19, 2021**

From: **Donna Pittman, Library Director**

Subject: **Ethics Statements** (Action Item)

I am recommending that the Library Board adopt the following ethics statements from the American Library Association. It is recommended by the Illinois Library Association that public libraries adopt and adhere to both statements. This recommendation is included as an Illinois Public Library Core Standard in *Serving Our Public 4.0: Standards for Illinois Public Libraries* published in 2019 by the Illinois Library Association.

Attached:

- a. Code of Ethics of the American Library Association
- b. Public Library Trustees Ethics Statement

Code of Ethics of the American Library Association

As members of the American Library Association, we recognize the importance of codifying and making known to the profession and to the general public the ethical principles that guide the work of librarians, other professionals providing information services, library trustees and library staffs.

Ethical dilemmas occur when values are in conflict. The American Library Association Code of Ethics states the values to which we are committed, and embodies the ethical responsibilities of the profession in this changing information environment.

We significantly influence or control the selection, organization, preservation, and dissemination of information. In a political system grounded in an informed citizenry, we are members of a profession explicitly committed to intellectual freedom and the freedom of access to information. We have a special obligation to ensure the free flow of information and ideas to present and future generations.

The principles of this Code are expressed in broad statements to guide ethical decision making. These statements provide a framework; they cannot and do not dictate conduct to cover particular situations.

- I. **We provide the highest level of service to all library users through appropriate and usefully organized resources; equitable service policies; equitable access; and accurate, unbiased, and courteous responses to all requests.**
- II. **We uphold the principles of intellectual freedom and resist all efforts to censor library resources.**
- III. **We protect each library user's right to privacy and confidentiality with respect to information sought or received and resources consulted, borrowed, acquired or transmitted.**
- IV. **We recognize and respect intellectual property rights.**
- V. **We treat co-workers and other colleagues with respect, fairness and good faith, and advocate conditions of employment that safeguard the rights and welfare of all employees of our institutions.**
- VI. **We do not advance private interests at the expense of library users, colleagues, or our employing institutions.**
- VII. **We distinguish between our personal convictions and professional duties and do not allow our personal beliefs to interfere with fair representation of the aims of our institutions or the provision of access to their information resources.**
- VIII. **We strive for excellence in the profession by maintaining and enhancing our own knowledge and skills, by encouraging the professional development of co-workers, and by fostering the aspirations of potential members of the profession.**
